

YES Youth Entrepreneurial Services

INNOVATE • CREATE • ENGAGE

Youth Entrepreneurial Services exists to promote young people's creative skills and employment potential through innovation, creativity and engagement in career development.

Youth Entrepreneurial Services (YES) is an initiative of Impact Communities which works with community organisations, groups, individuals and families so that young people are equipped and supported to realise their potential and achieve their goals.

YES is an innovative social enterprise for young people to create and sell their own products and services online and through pop-up stores and markets using uniquely designed retail modules.

YES harnesses the young person's interests who will decide on the products and services they produce (e.g. creative arts, gifts, woodwork, photography, web design).

YES has a 'whole of community' focus where local businesses and community members partner to achieve the outcomes; giving young people real life exposure to employers, their local communities and beyond.

YES is seeking expressions of interest from young people and members of the community who are interested in being involved in a creative partnership.

- **The Participants (young people):** will be between 15 and 24 years of age.
- **Business Hosts:** host a work experience placement or a volunteer placement for the participant.
- **Skills Specialists:** share their expertise and knowledge, conduct workshops on skills and provide support to individual participants.
- **Community Mentors:** support participants with both personal development and job seeking skills to help them navigate their first jobs.

To find out more about what YES does for young people and how you might be able to be involved in this exciting new initiative please get in touch with the team at Impact Communities. We would love to hear from you and answer any questions you might have.

Referral forms and further information can be found on our website.
