- Participants in the YES program will gain knowledge and practical experience in design, manufacture, promotion, IT, web-design, stock control, administration, retail and management.
- Participants will gain high quality job-seeking skills (resume, application writing and interview practice) to assist towards getting a job.
- YES provides support from youth and employment coaches, skills specialists, community mentors and business hosts.
- YES can tailor the hours of participation to suit individual circumstances.
- YES meets jobactive activity requirements.
